

AUTISM DIAGNOSTIC OBSERVATION SCHEDULE SECOND EDITION - (ADOS-2)

www.mindful.org.au/Autism-Training

What is the ADOS-2?

The Autism Diagnostic Observation Schedule Second Edition (ADOS-2) is a semi-structured, standardised assessment of communication, social interaction, and play. It provides a series of standardised contexts in which the individual's social, communication and repetitive, stereotyped behaviours can be observed. It has been designed to assist in the diagnosis of autism and pervasive developmental disorders and is suggested as a complementary instrument to the Autism Diagnostic Interview Revised (ADI-R). Standardised toys and activities are used to present opportunities for social and communicative interaction with the examiner. A diagnostic algorithm consistent with DSM-V and ICD-10 clinical diagnoses is generated.

Pre-requisite Training

For all our ADOS-2 courses at Mindful there is a prerequisite training required - the ASD Assessment Fundamentals, 2 day workshop. At Mindful our training is supported by Department of Health and Human Services and our mandate is to provide high quality ASD training that is accessible and affordable for clinicians, particularly those working in CAMHS/CYMHS. As our ASD training calendar is designed for mental health clinicians working with complex clients, we have made the ASD Assessment Fundamentals a prerequisite to the ADOS-2 training as it covers all the components of a comprehensive ASD assessment. This includes a comprehensive developmental history, consideration of collateral information and issues of comorbidity, differential diagnosis and formulation. The ADOS-2 is one component of an ASD Assessment and we would like to ensure that all clinicians attending have a broad understanding of the complexities of ASD assessment. This workshop is presented by a tertiary ASD assessment team from either Monash or Royal Children's Hospital and the cases presented include some degree of complexity.

Who provides the training? - Deborah Sweeney

Deborah has been using the ADI-R and ADOS in complex, multi-disciplinary assessments for over 15 years and regularly trains health professionals in the ADI-R and ADOS throughout the Asia Pacific region.

What does the training include?

The two-day workshop provides an introduction to the ADOS-2 as an assessment tool, and is a first step in the process for establishing reliability. It uses a mixture of large group lecture, demonstration, and scoring, as well as, DVD demonstration of the ADOS-2.

This training does not include the Toddler Module - See Mindful Website for ADOS-2 Toddler Module training dates and information.

After you've registered

Prior to attending the workshop, you will be sent a pre-course information pack. This will contain information about the venue, options for purchasing ADOS-2 materials, and some reading materials. You will be provided with the web links to watch two ADOS administrations. These videos must be watched on line and are not able to be down loaded or shared with others. These ADOS administrations are with typically developing children and will help to set a baseline as you develop your ADOS skills. You will also be provided with a copy of the notes and codes written by the administrator. We recommend you have access to an ADOS-2 Kit and manual.

Where are we?

Mindful - Centre for Training and Research in Developmental Health
Department of Psychiatry,
University of Melbourne

Building C, 50 Flemington St,
Travancore, VIC 3032

P Parking is not available on site,
see Mindful website for further
information.

DATES

Thursday 21st and Friday 22nd February 2019
Thursday 23rd and Friday 24th May 2019
Thursday 8th and Friday 9th August 2019
Thursday 5th and Friday 6th September 2019
Monday 2nd and Tuesday 3rd December 2019
Places limited to 20-24 participants

Two Day Training, 8.45am - 4.30pm / \$730 (\$363 subsidised fee for Victorian CYMHS/CAMHS clinicians)

Registration and attendance information

REGISTRATION

Register online at
www.mindful.org.au/Autism-Training

We encourage prompt registration as
some workshops reach their capacity
early. It is possible that additional
workshops will be run if there is
sufficient interest.
The subsidised rate applies to Victorian
CAMHS/CYMHS only.

PAYMENT

Please register and pay online.
Please note that costs for all workshops
include the Goods and Services Tax (GST).

CANCELLATION

Registered participants who are unable to
attend and notify us of this in writing prior to
14 days before the workshop may either:
(1) cancel their registration and receive a
refund of their payment minus a 10% of total
cost administration fee;
(2) transfer their registration to another
participant (no fee)

ATTENDANCE

A certificate of attendance will be
provided.

DISCLAIMER

At the time of printing, all information in this
poster was correct. Mindful reserves the right
to make changes to the training calendar or
any general or specific information published
in this calendar. Mindful reserves the right to
cancel courses that do not achieve minimum
participation, in which case, all fees will be
refunded.

See Mindful website for further information about
workshops. Additional workshops may be added
to the calendar later in the year. Check the
website for updates

Dates and prices correct as of 13 December 2019
