

AUTISM DIAGNOSTIC INTERVIEW REVISED (ADI-R) 2022

WHAT IS THE ADI-R?

The ADI-R is a semi-structured diagnostic interview to assess behaviours related to Autism Spectrum Disorder (ASD). The ADI-R typically takes between 90 minutes to 3 hours. The course is designed to teach clinicians how to administer and code ADI-R with parents/ carers of children and young people with suspected ASD.

WHO PROVIDES THE TRAINING?

Psychologist Deborah Sweeney has been training clinicians in the use of the ADI-R and ADOS-2 for many years throughout Asia and the Pacific region. Deborah was previously working in autism research at Monash University and now works in private practice providing consultation for complex presentations of autism spectrum disorder.

WHAT DOES THE TRAINING INCLUDE?

During this two and a half day training, participants will:

- Learn about the underlying principles of the ADI-R
- Learn how to code the caregiver's responses during the interview
- Observe and discuss an administration of the ADI-R with parents/carers of child or young person with ASD
- Trainees have the opportunity to conduct part of a ADI-R interview and receive feedback and coding advice

For clinicians wanting to achieve research level reliability, Deborah offers the "Personal ADI-R Reliability Package". This includes scoring an ADI-R DVD administration, submission of your own recording of ADI-R, feedback and certificate once reliability is achieved. This is a separate cost from the course for those who wish to pursue reliability.

Pre-reading materials will be emailed 1-2 weeks before the workshop. This information will be assumed knowledge for the training.

DATES (8.30am - 4.30pm*) *course concludes 12:30pm on third day

Mon 17th - Wed 19th Jan (live webinar) **SOLD OUT**
 Mon 6th - Wed 8th June (live webinar) **SOLD OUT**
 Mon 19th - Wed 21st September (live webinar)
 Mon 14th - Wed 16th November (**face to face**)*

*This workshop is planned to be in person with preferential bookings for Victorians. If due to COVID-19 the workshop is unable to be conducted in person, participants will be given the option of a refund or participating in this workshop as a live webinar.

Proof of COVID-19 vaccination will be required. Participants are requested to conduct a RAT test before each day of attendance.

COST: \$1540

Subsidised rate of \$770 is available to Victorian CYMHS/CAMHS/AMHS: including Orygen, Headspace, ACCHO/ACCHS, Take Two clinicians, and clinicians employed at Victorian publicly funded Adult Mental Health Services (including Forensicare).
